## ROBERT A. SILVEIRA ELECTED WINS SELECTMAN'S POST

Robert A. Silveira was elected to the seat on the Mattapoisett Board of Selectmen with a strong support in the Special Election to fill the vacancy created by the resignation of John Field. Mr. Silveira amassed 715 votes out of the total of 1711 as 57% of the registered voters turned out for the contest. Russell F. Tinkham was second in the vote count with 389 votes. John A. Langlois had 323 votes, Peter P. Briggs totaled 213

and George Correa had 71. Mr. Silveira also holds a seat on the Mattapoisett School Committee having been elected to that committee in the last regular town election. He is a former member of the Mattapoisett Police Department and is currently employed at the Brownell Boatyard in Mattapoisett. He is married to the former Maureen E. Huggard and they have three children.

Following the election, the Board of Selectmen met in a reorganization session on Wednesday, September 12th. The Board elected Donald Linhares chairman and William F. Hubbard clerk. The Selectmen agreed on a future policy in which the second year man would serve as chairman and the first year man as clerk. Chairman Linhares stated that he hoped that the Board could work together better than a few times in the past and that they will work together in the best interest of the town. Both Mr. Silveira and Mr. Hubbard concurred wholeheartedly. They had

**TOWN MEETING REJECTS WATER ARTICLES**

A Special Town Meeting scheduled by petition of Brandt Beach residents attracted 450 voters who turned down a bond issue of \$343,000 plus \$1060. cash for the first 3 water articles for Brandt Beach and Leisure Shores plus water articles for Mattapoissett Neck and Acushnet Road of unspecified cost. The first three articles were discussed together as all were related. Then each was voted separately. The vote on Brandt Beach and Leisure Shores Water, Article 1, was defeated with 160 voting in favor and 271 voting no. A 2/3 vote was needed for passage. Article 2 was rejected 300 no to 130 yes and indefinitely postponed. Articles 3, 4 and 5 were indefinitely postponed in turn.

Article 6, Elementary School Building planning was approved 199 yes to 128 no. The sum of \$2,500. was transferred for this purpose. The projected 15,000 square feet addition was described by George White as a steel, modular structure costing in the neighborhood of \$32.00 per square foot or \$480,000. using this figure. Article 7 for a \$1500 sum

for a Center School Feasibility Study was voted. Article 8, a town employee wage adjustment of \$1,265. for "merit increases" of a so-called 5% cost of living increase was passed. Article 9 for a change of fiscal year to July was approved. Article 10, concerning the filling of a vacancy on the Finance Board, was approved. Article 11 established a fee and a license to control junk dealers was approved. Article 12 which gave a blanket assumption of liability for work done by the Massachusetts Department of Waterways was tabled. Richard Chase expressed concern because he felt that the town could ill afford to assume such a sweeping liability for the State. He also expressed concern because the paragraph specifically mentioned the public beach. He pointed to the town wharf as a prime example of the State takeover of a town facility and wanted no such fate for the town beach. He said that the Selectmen could come to the town meeting for specific assumption of liability and thus avoid the danger of this blanket measure. The

## CLOSED CLAM & QUAHOG AREA

The Selectmen met with the Shellfish Con-  
stable and voted to close the flats at the head  
of Mattapoisett harbor from the flagpole on  
Ryecroft Point to the old stone pier in front  
of Camp Massasoit to clamming and quahog-  
ing from October 1, 1973 until further no-  
tice. The area will be posted with signs  
along the shore.

## GAS SERVICE REQUESTED

The Selectmen have received a request for  
permission to install a gas service to the  
site of the new pharmacy on the highway  
at the intersection of Church Street. Select-  
men are seeking an O.K. from the Water De-  
partment, Highway Surveyor and Telephone  
Company, owners of a conduit in that area,  
before a decision is made.

## TOWING REGULATION CHANGES

Selectmen voted to change the tow-away  
fee from \$12. to \$25. for illegally parked  
vehicles. They voted to delete Section 6  
and add the following to Section 5: (N) in  
any bus stop (O) in any no parking area (P)  
in any limited parking area in excess of the  
time limit.

## SIGNS REVIEWED

The Massachusetts Outdoor Advertising Di-  
vision has submitted a list of signs approved  
as legal in Mattapoisett on Route 6 with the

excellent.

### RESTRAINING ORDER TO O'DRISCOLLS

A dog restraining order has been issued Mary F. O'Driscoll ordering her to keep her dog under restraint. An earlier restraining order to Mr. O'Driscoll was issued following which he transferred ownership of the dog to his wife causing the issuance of the new order.

### LOCAL ALEWIVES CONTROL DRAFT HERE

Allen E. Peterson, Jr., assistant director of the Massachusetts Division of Marine Fisheries, has submitted a September 11, 1973 draft of an agreement to allow Mattapoisett to exercise local control of the alewife fishery on the Mattapoisett river. This draft has taken into account the historical rights of the towns of Rochester and Marion with regard to their use of alewives from the Mattapoisett fishery. This draft follows a preliminary outline sent to the 3 towns on May 17 for study and comment. Changes have been made based on the 3 towns' evaluation and it is proposed that

Mr. Peterson feels that these provisions will provide local control of the fishery within the intent of Sec. 94 while still preserving the historical rights of all 3 towns.

The Mattapoissett Selectmen replied that they have no objection to the proposed changes and feel that they are fair to all concerned. The Mattapoissett Selectmen feel that they do preserve the historic rights and insure intelligent control of this important fishery.

### CHILDREN'S CONCERT

On Sunday afternoon, September 23rd, the Tri-County Music Association, Inc. will present its third annual happiness-crammed, toe-tapping free children's concert at Old Rochester Regional High at 3 P.M.

Featuring conductor John R. Pandolfi and the Regional Symphonic Band, the program will include a taste of Dixie, a smattering of "um-pa-pa", a pinch of "rock", an opportunity for a youngster from the audience to lead the band, and a few surprises for which these concerts have become popular.

The program will also include the performance of an original composition by a 16-year-old youngster from Barrington, Rhode Island.

Presentation of this concert free of charge

Parents are most cordially welcome if accompanied by a child.

#### COUPLES CLUB ENJOYS MYSTERY RIDE

Last Saturday night, a mystery ride was enjoyed by members and guests of the Mattapoisett Congregational Church Couples' Club. A series of envelopes containing clues took the twenty-five couples by a very circuitous route to the Marien Museum in Fall River. A tour of the Museum, slides and a talk by Mr. Gasson, curator of the Museum, were most informative and brought back fond memories for many members.

Refreshments were served by Mr. and Mrs.

#### FLOWERS BRIGHTEN HIGHWAY

Much comment has been received and doubtless countless tourists have been impressed by the beauty of the triangle of flowers at Church Street Extension and Route 6. The members of the Mattapoisett Woman's Club, under Chairman Terry Gannon, are responsible for this very beautiful welcome to the town of Mattapoisett.

#### Letter to the Editor

Annie and Albert Pemberton were quite a couple in our town. They lived most of their married life here and they raised a large, happy family here.

With the passage of time, they buried two of their children in the cemetery near their home and a few years ago it came Mrs. Pemberton's turn to lay aside her burdens and to join them.

After her death, Albert was never quite the same, and last Friday he slipped quietly into death with his son, John, and other members of the family at his bedside. He

### CHILDREN'S CONCERT

On Sunday afternoon, September 23rd, the Tri-County Music Association, Inc. will present its third annual happiness-crammed, toe-tapping free children's concert at Old Rochester Regional High at 3 P.M.

Featuring conductor John R. Pandolfi and the Regional Symphonic Band, the program will include a taste of Dixie, a smattering of "um-pa-pa", a pinch of "rock", an opportunity for a youngster from the audience to lead the band, and a few surprises for which these concerts have become popular.

The program will also include the performance of an original composition by a 16-year-old youngster from Barrington, Rhode Island.

Presentation of this concert free of charge

had lived out his final years in a house next door to his son, Robert, in Fairhaven, but he had been lonely.

Many in Mattapoisett will have fond memories of Annie and Albert. The Grange will remember him as a former office holder and always willing worker, and so will other organizations. May he rest in peace.

John Atkinson

## F. Sylvia New Director

CRANBERRY AREA CHAMBER OF COMMERCE

Miss Deborah Mestieri, Executive Director of The Cranberry Area Chamber of Commerce, announces that the Board of Directors held a meeting on September 5th at the President Huntoon's office on Main Street, Wareham. The Board voted and elected Mr. Frank Sylvia of Mattapoisett to the position of directorship on the Board of the Cranberry Area Chamber of Commerce.

Mr. Sylvia owns a business in Mattapoisett: Fish on the Wharf, and also resides there.

Mr. Sylvia has shown great potential and enthusiasm.

### TALO REALTY, INC

ROUTE 6, MATTAPOISETT

758-2356

The main project the Chamber has with Mattapoisett is that the businessmen of Mattapoisett would like to have a state sign on Route 195 reading, "Food, Gas, Phone and Lodging". Hopefully, with the help and influence of the Chamber, Mattapoisett will soon have their sign.

## Mattapoisett Seniors

The Senior Citizens Club of Mattapoisett held a business meeting Monday, September 10th, at the American Legion Hall. The meeting was very well attended and many new members joined.

The highlight of the meeting was the talk given by Mr. Charles Adams, who is a member of the club and also the chairman of the Council on Aging. He outlined the benefits available to the Seniors free at the Health Fair, and urged all to attend and take advantage of this; also that transportation was being provided for this.

He also announced that at Old Hammondtown School the "hot lunch" program will be in operation at the school cafeteria on school days. The most welcome news about this is the change in time to 11:25 A.M. which allows one to lunch and still be able to attend any event scheduled for early af-

ternoon. Notice: Please make your reservation before 9:30 A.M. on the day you intend to go to lunch. Better still, make your reservations immediately following your lunch for the next day.

Following the meeting a pleasant time was enjoyed, and as usual delicious refreshments served. Most of all was the wonderful feeling of Get Togetherness.

It would be nice to have a "Get Together Day" at which time everyone could attend, especially those who are working, in business, bowling or otherwise occupied on the meeting days. They will find out that to be a "Senior" of Society is "Supreme" You may be a Senior Partner in a firm through promotion, you may join an exclusive club or clique, you may acquire a fortune or great financial success, but only through the "Grace of God", who allows you to remain here on earth, can you become "A Senior".

To be a Senior anywhere is a privilege but let's all get together so that to be a Senior in Mattapoisett is a real achievement. They are pacesetters, they have sowed, reaped, made hay, they have reached maturity and are "seasoned" as quoted in AARP publication, "It's Great to be alive".

Mrs. Gloria Rounds, Publicity

## Art Center

### PAINTINGS ON EXHIBIT AT ART CENTER

Paintings by Harry Day will be on display at the Marion Art Center from September 22 through October 14. A year round resident of Jackson, New Hampshire, Mr. Day maintains a summer home in Boothbay Harbor, Maine. His work was among hundreds featured at the Maine Art Gallery this summer. The subtle clarity of his style makes his paintings stand out in even a large group show like this one. Mr. Day has exhibited in many galleries throughout the northeast including the National Academy of Design, the Dallas Museum and the Boston Museum. He has had one-man shows at the Farnsworth Museum, Fairleigh Dickenson College and the Wendy Glass Gallery in New York City. He spent three years at the National Academy of Design where he received the Halgarten prizes for portraiture, still life and figure painting.

This outstanding and extremely talented artist has agreed to give us the opportunity to view his paintings. Members of the Art Center will attend a preview at the opening on Friday, September 21st, from 6 to 7:30 P.M. The public is invited to enjoy the work

## AN INVITATION!

The Women's Community Guild of the Mattapoisett Congregational Church will hold a Family Fellowship Dinner in the Parish Hall on September 25th at 6:00 P.M. This Fellowship Dinner is open to all families of the Mattapoisett Congregational Church; newcomers, oldtimers, all ages. There will be no charge, but reservations are a must and will be limited. They will be taken by Mrs. Richard Waterhouse, 2498, and the deadline is September 21st. The Guild is sponsoring the dinner in the hope of furthering the purpose outlined in its by-laws which is "to unite...in Christian work, local and world-wide, increase mutual acquaintance and build up the religious and social life of the community". Come and enjoy good food and good fellowship on Tuesday evening, September 25th.

## Sippican Seniors

A large number is expected at the Progressive Whist Party which the Sippican Seniors of Marion will sponsor on Wednesday, September 19th, at 1:30 P.M. in the Congregational Community Center Auditorium. The public of all ages is invited. The afternoon will be more interesting if all players bring something suitable for a prize.

At the meeting of the Sippican Seniors on

Wednesday, September 5th, Mr. Benjamin S. Harrison, an aerial photographer of Buzzards Bay, presented a slide-lecture on the development of the Cape Cod Canal, an arduous undertaking, beset by false starts and failures. Mr. Harrison is an authority on this subject, both from personal experience and through very comprehensive research. Myles Standish envisioned a canal, but could not foresee that such a development by 1942-43 would become the most important waterway in the world. Without this safe passageway for our ships, the balance of power would have shifted to the Axis

in World War II.

At the business meeting which followed, a moment of silence was observed in memory of Edmund Valley, a veteran of World War I and a member of the Benjamin D. Cushing VFW Post 2425.

Mr. Otis C. Severance, president, announced that Mrs. Thelma Sequeira will continue the health-counseling services on the second Tuesday of each month from 2 to 4 P.M.

The time for senior citizen lunches at Sippican School has been changed to 12:30 P.M. The price remains at 50¢.

Mrs. James Arne, who is over-all chairman of the Drop-In Center volunteers, has appointed a chairman for each month. Mrs. Arne also will be at the Center on the second and fourth Wednesday of each month to give instruction in sewing, crewel work, knitting, crochet or other fancy work.

The newly formed branch of the AARP which met at the Elks Lodge in Wareham on September 5th, plans to change its meeting date so as not to conflict with the meetings of the Sippican Seniors since many Senior Citizens in the area wish to belong to both organizations.

Refreshments were served by Mrs. Otis Sever-

#### FLU CLINIC TO BE GIVEN FOR SENIOR CITIZENS

A flu epidemic this winter has been predicted by the officials of the Massachusetts Department of Public Health, which urges immunization for persons over the age of 50 and those of all ages with chronic diseases.

Both influenzas A and B, commonly known as the Hong Kong Flu and London Flu are expected to be epidemic. Influenza B has not appeared in the state for three years and so it could be widespread.

A new variant of Type B Flu also is expected. Two different shots are needed to protect against the variant as well as the old strain. A single injection of bivalent vaccine will be given for either a first time or booster immunization. The monovalent, new variant type B, should be given two weeks

Truth is certainly stranger than fiction when it comes to fishing. While you may scoff at "fish stories," some of the actual facts about the world of marlin, minnow and muskellunge are more amazing than any fisherman's yarn.

Alfred Dean doubtless "reeled" when he saw what was at the end of his line one day in 1959 at Ceduna, South Australia: a white shark weighing 2,664 pounds, on record as the biggest fish ever caught with a rod. Dean was just scratching the piscatorial surface, however—some whale sharks are said to weigh over 130,000 pounds.

The largest fresh-water fish, the giant Russian sturgeon found in the Volga River, has weighed in at as much as 3,221 pounds and measured up to 26 feet in length.

and sponsored by the Board of Health will be held early in October at a date to be set soon. Anyone with a question or who wishes to register early may contact the District Nurse's office, 758-6526, mornings from 8:30 to 9:00 and all day on Fridays. A fee

### Learning Disabilities

The New Bedford Chapter of the Massachusetts Association for Children with Learning Disabilities will meet Wednesday, September 19th, at St. Joseph's Church in Fairhaven, at 7:30 P.M. The group, part of a nationwide organization, has been working for the past three years in this area helping parents and educators of learning disabled children in recognizing and dealing with their problems. So many of these children, once considered merely behavior problems in the classrooms, have, through proper testing and the setting up of individualized programs, been given the opportunity of learning and becoming happier, better adjusted members of society.

Guest speaker at the September meeting will be Mrs. Jean Caya Bancroft, a professional handwriting consultant. Mrs. Bancroft has developed a directed learning program in the gestalt method of handwriting analysis, and has done an educational TV series "Hand in Hand -- You and Your Handwriting", under the auspices of

## TOWN OF MATTAPOISETT

MINIMUM RULES & REQUIREMENTS FOR  
THE DISPOSAL OF SANITARY SEWAGESection I

In order for the Board of Health to take action on an application for a permit for the construction of a new sewage disposal system, it is necessary that certain data and plans be furnished by the applicant with the completed application forms. The applicant must take the following steps:

- a. Secure the services of a registered engineer or registered sanitarian qualified in matters of sewage disposal, who will make the necessary soil tests and prepare the design for the proposed sewage disposal system.
- b. Submit with the application form, "Application form for disposal works construction permit," in duplicate, the prepared plans of the designing engineer which must include all the data requested in Section II of these instructions.
- c. When the application has been acted on, the applicant will be notified. All applications will be acted on, within 14 days of date of submission. If approved, one copy of the application and accompanying data will be returned to the applicant along with the permit form. If not approved, the same material will be returned to the applicant with written reasons for disapproval.
- d. When the construction of the disposal system has been completed except for the backfilling, the Board of Health is to be notified so that a final inspection may be made. Final approval and the Certificate of Compliance will not be granted until the designing engineer has inspected the completed work and certified that his design has been complied with.
- e. Please note that applications which are not complete in all respects will be returned to the applicant for further completion.
- f. Contractors working on installation of sewage disposal systems within the Town of Mattapoisett must have an Installer's Permit issued by the Board of Health.

Section II

The following information is furnished for the guidance of the designing engineer. The basic guide for requirements shall be the State Sanitary Code, Article XI, as most recently amended, with modifications required by the Mattapoisett, Board of Health as outlined in Section III of these requirements.

The plans and specifications must contain the following information:

- a. In addition to the requirements of Regulation 2.3 of Article XI of the State Sanitary Code, the following information will also be required on the plan:

Plan of lot, at a scale not less than 1"=20', nor more than 1"=60', showing location of house and garage, layout of a sewage disposal system, location of water line, or well, driveway, foundation drain (where installed). The plan must list correct elevation schedule for sewage disposal system, including invert elevations at house foundation, entrance to septic tank, entrance to distribution box, beginning of each leaching line, end of each leaching line or seepage pit, and bottom of leaching trench, bed or seepage pit. Accompanying this schedule, the proposed final ground elevation at each of the called-for points along the disposal system shall be shown. In addition to the layout of the sewage disposal system a suitable area must be designated by outline as being reserved for such expansion of the disposal system as may become necessary. The area so designated must provide for a 100 per cent expansion of the leaching system.

The plan must state the types of materials being used in the construction of the sewage disposal system.

All proposed changes in elevation must be shown in the form of one foot contour lines, clearly showing the proposed change in topography. A bench mark must be established and maintained until after final inspection by the design engineer. It must be conveniently located for the use of the disposal system installer, builder, inspector, etc., and must be shown on the plan.

- b. The order of preference of systems for the disposal of septic tank effluent where ground water and soil conditions permit their use is as follows: (1) leaching pits; (2) leaching trenches; (3) leaching beds.

- c. At least one percolation test shall be made within the limits of each disposal area at the proposed elevation of the bottom of the disposal field trenches or bed. All tests must be shown on the engineer's plan. Additional test holes must be excavated to a depth of not less than eight feet to determine the nature of the subsoil, presence of ledge, ground water, etc.; one test hole to be located in the proposed disposal area. The results must be shown on the plan. An allowance must be made for a minimum of four feet between the maximum ground water elevation and the bottom of the disposal pit, trench or bed. Test pits dug in areas subject to tidal flooding shall be excavated at a time of mean high tide.

All percolation tests and test pits by the designing engineer shall be performed in the presence of a representative of the approving authority.

- d. Detailed sectional drawing of the septic tank and distribution box must be furnished with appropriate dimensions shown. Longitudinal and cross-section details of the leaching system must also be furnished, including seepage pits with appropriate dimensions shown.

- e. All plans submitted must be signed by and legibly stamped with the seal of "registered professional engineer" or "registered sanitarian", responsible for the design.

- f. The Board of Health reserves the right at any time to set aside a period of time that percolation tests and observation pits will not be taken, such as during any prolonged dry spell of weather, or during the normally dry summer months. Notification will be issued at least seven days prior to the effective date.

Section III

Note the following modifications of the State Sanitary Code, Article XI (June 1966 revision), insofar as the design of the individual sewage disposal system in the town of Mattapoisett are concerned.

Regulation 2.6: Add: The design engineer is required to see that his plan is followed through and completed in accordance with the approved plans before Certificate of Compliance is issued. Should any modifications be necessary under Section 2.8, an "as built" plan showing modifications will be furnished to the Board.

Regulation 2.15: Filled land must be inspected prior to filling and re-inspected upon completion. All fill material shall be clean, granular material, with a percolation rate in its original site of less than five minutes per inch. Fine sand may not be used.

Regulation 7.5: The second sentence shall be modified to read "It shall extend the full width of the trench or bed, shall be not less than twelve inches deep beneath the bottom of the distribution pipes, and shall extend two inches above the top of bells of the distribution piping."

Regulation 7.6: In the second sentence delete "perforated bituminized fiber."

Regulation 8.6: shall read "Number of outlets— The distribution box shall have sufficient outlets so that each leaching line or seepage pit is connected separately to the distribution box. Two additional outlets, plugged off, shall be provided to facilitate future extensions to the system."

Regulation 14: 1a: shall read "At least one percolation test shall be performed within the limits of each disposal area. More than one test may be required where the soil structure varies or where large disposal areas are required. In situations where the use of leaching pits are proposed, a percolation test is required...performed at a depth which is representative of the soil conditions throughout the depth of the deep test hole."

Section IV

## Giles H. Dunn Real Estate, Inc.

RENTALS - SALES - COMMERCIAL  
9 - 6 Mon. thru Fri.; 9 - 1 Sat.; 1 - 6 Sun.  
Main St. & Rte. 6, Mattapoisett. 758-2412

The Cranberry Area Chamber of Commerce wishes to thank those who made it all possible: first of all, the staff, Mrs. Celia Mederios of Rochester, now has served the area for six summers; Miss Elizabeth Kunces and Mrs. Barbara Macy of Marion; Miss Susan Whalen of Mattapoisett; also the Misses Claire Marciello, Nancy DiMaro and Diane Johnson, all of Wareham.

The Staff has been under the wise direction of Mrs. Irene Cushman, Information Booth Director, also of Wareham. Mrs. Cushman has worked many years for the Chamber, besides being Booth Director, and also holds a position on the Chamber's Board of Directors. She has served the area well and the Chamber is fortunate to have her.

The Chamber also extends its thanks to Mrs. Murial Washburn of the Melody Flower Shop. Mrs. Washburn decorated the flower boxes on the Route 28 booth as well as two weekly arrangements for the Route 195 booth; Mr. James Douglass of Marion for landscaping the trailer; Mr. David Pierce of Dave's Gas Station, Wareham, for donating Exxon maps and the Division of Tourism for donating state maps. The awning and trailer skirt were generously donated by Mr. Herb Woodward of Mobile Home Specialists.

On Fridays...

## Y.M.C.A. News

The New Bedford YMCA will be holding a Tiny Tot Swim and Gym program starting Monday, October 1. The program will run for eight weeks and is open to both members and non-members. The program is divided into beginners and advanced. Beginners are those children not yet oriented to water and the first time in the program. The advanced are those children oriented to water, able to get face and head wet and have been in the program.

The tiny tot program is for children between the ages of 2 and 6 years. The main objective of the swimming program is to help the child become oriented to the water, make him feel at home, which is a necessary factor before the child can learn to swim.

The New Bedford YMCA will hold a new Slimnastics course for women beginning Tuesday, September 25th. The course,

nesday Weekly Luncheons. They are very  
informal and served in the dining room at  
11:45 A.M. The usual menu is soup, a var-  
iety of sandwiches, dessert and beverage.

YWCA membership and reservations are not  
required. Come and enjoy the friendly at-  
mosphere, rest after a shopping trip, and  
take advantage of hearing a program that  
provides speakers on a wide range of sub-  
jects, including timely community topics,  
or perhaps an entertaining travelog, or fas-  
cinating seasonal subjects of concern and  
personal interest.

A new program of massage and therapy is  
offered this fall on Tuesdays from 9 to 12  
noon and 6 to 9 P.M. and on Thursdays from  
6 to 9 P.M. It is recommended that appoint-  
ments be made by calling the main office  
at 999-6201.
